

REDEFINING AUTOMOTIVE NETWORKING

DEMO • FOOD • MUSIC • BEER

• DISCUSSION PANEL •

THURSDAY, MAY 15TH FROM 4PM - 8PM

@ INTREPID HQ IN TROY

We're excited to invite you to our annual networking event, SDV Social! Save the date for Thursday May 15th from 4pm - 8pm for an evening filled with exciting demos, food, drinks, live music, and a chance to discuss software-defined vehicles with fellow industry experts. We'll be hosting a live panel discussion with Carl Anthony from AutoVision News and including live interviews with John McElroy from Autoline. We look forward to seeing you there!

A few of the demos that will be on display include:

- 10BASE-T1S Network Interface
- Interactive SOME/IP demo
- Ruggedized Data Logger for Connected Vehicles
- OPEN Alliance TC10 Sleep and Wakeup
- MACsec Encryption
- 1000BASE-T1 Active Taps for Automotive Ethernet
- Wireless Data Logger with Lyriq
- Automotive Ethernet Managed Switch
- Industrial & Automation Isolated Network Interfaces
- Wireless Battery Management System
- Media Converter for 2.5/5/10GBASE-T1

and much more!!!
